FRIDAY NOVEMBER 17 1944

NUMBER 27

Funeral Services For William Redd

MORE SNOW OVER WEEK END

Services over the remains of Wm. Redd, whose death was reported last week, were held in the First Ward Chapel at 2 p.m. on Monday with Bishop J. Orvin Hickern in charge. The choir was conducted by Ira McBride with Roy Statts at the organ and members of both ward choirs assisted in the hymns. The large congregation and the lovely array of flowers covering the casket and the lovely grey casket were slight tributes of the respect in which the deceased was held. Full bearers, members of the High Priests Quorum of which deceased was a member were: A. W. Kirkham, J. R. Webster, Wm. Wilde, J. W. Evans, C. E. Alfred and Jas. E. Meeks.

The opening hymn was, "Home, Sweet Home" followed by prayer by J. W. Evans, President of the High Priests Quorum after which the choir sang "I Know that My Redeemer Lives."

Elder Chas. O. Asphard, of Lethbridge was the first speaker and spoke of his association with deceased in the Southern Alberta Feeders Association and mentioned particularly his honesty in every detail. He read from Psalms "Blessed is the man to whom the Lord imparteth no guile." He said in his estimation this applied to Wm. Redd. He had never heard him speak ill of anyone, and when anyone had disappointed him he always tried to find some extenuating circumstance for his action. He had earned some great lessons of life from Wm. Redd and his own life would be better for the acquaintance. For years deceased had been living on borrowed power and had driven himself far beyond what was good for him, and yet he never complained. Death was but the introduction into a greater activity and deceased was certainly well prepared to take up his work in the spirit world.

Elder John F. Salmon, a member of the High Council and a companion for years of deceased said the day was never too cold nor the road too long for Wm. Redd to keep an appointment. He was a good servant and his work with the teen age boys of the Stake will be a monument to his life for years to come. He and deceased had been called to the High Council on the same day in 1911 and he had known the Redd family for nearly 40 years and cherished their friendship. He spoke of the resurrection and the order of this and said that because deceased had lived the law he would come forth in the first resurrection to glory and immortality.

"In the Time of Rees" was sung by Frank R. Taylor and O. V.

Elder Louis Brandley, a neighbor of the family for years spoke next and referred to the spirit of the Redd home and the fine welcome he had always found there. Their children had grown up almost as one family and he appreciated the fine influence of deceased on his children. Victor, of the sacrifice deceased had made to send his son Smith on a mission and of the absolute faith he had in the promises of the Lord. Referring to the Library Building which deceased had served so long and well he said the Librarian wondered where they would find another man who would spend as much time and effort for the Library as Wm. Redd had done.

Bishop Hickern spoke briefly and paid tribute to deceased and his fine family. He said that all that had been said was true and much more could be said of the life and labors of deceased. He was a great reader and a great student and was always seeking to improve himself, seeking truth whenever it could be found. He read "Let Each Man Learn to Know Him Self" and said that the sweet spirit

Good Progress At Municipal Hospital

Good progress is being made at the Municipal Hospital despite the shortage of help and some delay in the first of the year. Plastering is all finished and carpenters are at work on the finishing getting the building ready for the painters and decorators. Much of the equipment is already on hand and more arriving by every train and during the past week Board members met with an applicant for well patronized and enthusiastically the position of Matron of the Hospital.

Ronnie Nicholson Passes Unexpectedly

Raymond people were shocked Saturday evening to learn of the sudden passing of Ronnie, eleven year old son of Mr. and Mrs. Nicholson who died from a severe heart attack.

Mr. Nicholson has been working on the new hospital and Mrs. Nicholson has been nursing Ronnie for some months following a serious case of rheumatic fever. He has been steadily improving and seemed well on the way to recovery when like a bolt from the blue a heart attack seized him and he passed away suddenly. We extend our deepest sympathy to the parents in their loss.

Funeral services were held from Martin Bros. funeral home Wednesday and interment was in the Lethbridge cemetery.

C. W. Brewerton, veteran bus driver of Raymond was operated on Thursday morning in the Lethbridge Hospital and according to Leo who was present, he stood the operation and seemed to be making satisfactory progress.

Julius Nemedi Passes-- Funeral Today

HOME DAMAGED BY FIRE

The fire alarm sounded Tuesday evening when a blaze broke out in the wall of the old Teddy Gray home just west of Broadway, now owned by Mr. and Mrs. Johnny Howard. The fire engine rushed to the scene but there was no water supply near enough for the hose as a bucket brigade was formed and the bath tub was kept filled and dipped from. The small engine from the Factory.

The blaze was apparently in the wall and travelling toward the ceiling so part of one partition and a piece of the roof was cut out to get at the blaze. Working parties took everything out of the house except the kitchen stove and other firemen finally brought the blaze under control. Water damage is the big item and it is estimated that it will take \$500.00 to repair the home. New hard wood floors had just been laid in three rooms this fall and the soaking will undoubtedly damage them some. Johnny feels thankful that the damage was no worse and certainly appreciates the willing help that turned out.

Bill Nalder and Jimmy May who are attending school in Calgary were home over the week-end. There was no snow in Calgary when they left Friday afternoon.

Julius Nemedi, 63, a prominent member of the Local Hungarian group and colonization agent for C.P.R. lands passed away about 3 a.m. Tuesday morning after a very brief illness.

He had been employed at the Sugar Factory all fall and had just finished his work Saturday and was at the time desk making out his slip when he was seized with a heart attack and collapsed on the desk and had to be taken home. He regained consciousness, but gradually grew weaker and passed away as noted. He leaves his wife, Kate to mourn his passing and to her we and her many friends extend our sympathy. Funeral services will be held Friday at 3 p.m. in the First Ward Church.

CRASH KILLS TWO BOY CYCLISTS

EDMONTON, Nov. 13 — Two 12 year old schoolboy chums, Thomas Patrick McCallum and Gale Johnston McGregor, were killed when their bicycles were hit by a car at the west end of the city. The boys were returning from a Boy Scout meeting.

The identity of the boys was not learned for nearly two hours after the accident until the parents of one of them, worried because the children were late, telephoned to the police station.

City police told the driver of the car was John W. deGrache. He was arrested on a manslaughter charge and released on bail of \$10,000.

The McCallum boy was a son of D. H. McCallum, the Alberta dairy commissioner, and Mrs. McCallum.

W. I. MEETING

The Women's Institute met at the home of Mrs. McMullin on Thursday Nov. 9th, with fourteen ladies present. The meeting commenced by singing "O Canada," the flag salute was led by Mrs. Cliff Alfred, the Creed was led by Mrs. Kirkham, Roll call was answered by a suggestion for Xmas.

Two quilts are to be made for member the coming Thursday and the money for the quilting will go to the W. I. fund. \$25. is to be donated to the hospital.

Report of war work was given for the past year as follows: Red Cross \$10.00, Russian Relief \$5, Jan \$12, Next of Kin \$20, Xmas fund for bombed out children \$13.50, 6 Ditty Bags for sailors, 2 leather Jaccels made, 94 sewing articles 80 limited articles, 6 quilts, 12 scrap books, 3 bundles of fur, and collection of waste paper.

Mrs. Kirkham gave a very interesting paper on the organization growth, and benefits of the W. I. paying tribute to some of the well known and standing women who have helped to develop and benefit the women especially in rural communities, paying tribute to Mrs. Thompson of Coaldale our own Provincial President for her untiring efforts in our behalf.

The new Officers elected for the coming year are as follows: Pres Mrs. McMullin, 1st Vice, Mrs. McBride, 2nd Vice, Mrs. Hall, Sec. Treas. Mrs. Klitcher. Board Members: Mrs. Rolfsen, Mrs. Jamieson and Mrs. Christensen. Publicity: Mrs. Alfred, Chorister, Mrs. Rolfsen, Organist Mrs. Whittier, Correspondence representative, Mrs. Walton, Auditors Mrs. Kirkham and Mrs. Lamb.

A Christmas social was planned for next meeting.

The meeting adjourned by singing the National Anthem after which lunch was served by Mesdames McMullin and Jamieson.

Alberta Premier Visits Northwest Air Command Station

On Monday afternoon Premier Ernest Manning made an informal inspection tour of installations at the Edmonton station of Northwest Air Command. Upper left shows the premier in the control tower at the field bringing in an American plane for a landing under the guidance of FO. John Kieckebelt, RCAF controller. Upper right, Mr. Manning listens to LAW Elsie Campbell sending a message from the airways control office from which all flights in the

area are controlled. In the lower picture details of the operations room are explained by Sqdn. Ldr. Howard Watson, senior flying control officer. From left to right are Sqdn. Ldr. Watson, FO R. C. Kendal, control officer; Mr. Manning; Sqdn. Ldr. G. H. F. Maycock, equipment; Sqdn. Ldr. E. A. Kenney, senior administrative officer, Edmonton station; Group Captain D. A. Harding, AEC, commanding officer of the station; and Flt. Lt. R. M. Maze, transportation officer.

RURAL ELECTRIFICATION PLANNING

A bill before the United States congress would make available no more than \$5 million to provide for the immediate preparation of comprehensive plans and programs to facilitate and expedite the electrification of rural areas in the United States as soon as man power & materials are available.

Rural electrification has been de-

veloping steadily throughout the United States, the distribution being handled mainly by local co-operative organizations. Electric service provided the farmers has been a great boon in many ways. An illustration of this is furnished by the following quotation from the Co-operative Digest:

"When the July drought dried the soil and scorched the crops of West Tennessee, this year farmers in the area now known as the Gibson County Electric Membership Corporation thanked their stars for the 873 miles of electric lines that carried current to many a deep and shallow well pump. When ponds and streams ran dry pumps operated steadily to supply water to dairy and leaf herds, to poultry, sheep, hogs, and to farm gardens."

Wayne Gough spent the week-end in Magrath returning home Monday. He has it that there is a girl in Magrath commanding Wayne's attention.

Happy Day Talks Hockey

Grouped from left to right around the microphone during a session of listening college members some of the CBC's Sports College of the Air side tips on how to handle the puck, are William R. Cook, executive director of the Sports College; Lloyd Percival, the College's broadcast director and head coach; Reid Forsee, program producer; and the Maple Leafs' coach and former star defenseman, Happy Day. To Have a Nest Egg

The housewife, planning for her kitchen of tomorrow; the business man thinking of post-war expansion; the farmer dreaming of new machinery in the years to come; all will need a "nest egg" of savings to make these dreams come true.

There are three savings plans offered by Treasury Branches, tailor-made to fit your needs. Your Treasury Branch manager will be glad to explain them in detail. See him soon, for your "nest egg of tomorrow!"

A Bill Billy Ball is being held in the Opera House tomorrow night.

Tom Roberts has a crew of men busy at the Fraser farm where a new home is being built for Mr. and Mrs. Louis Frazer and family.

The Raymond Beet Growers are holding an invitation social for members and their families 16 years and up in the Opera House, Saturday evening November 25th.

NEWS NOTES

"Brule" of the Coffee Shop was a business visitor in Lethbridge on Thursday.

Paul Schneider and three Welling boys were on a 9 day big game hunt recently in the district between the Park and Cardston and three of the party were lucky enough to bring home a deer.

A woman filling in a form at a food office gave her infant daughter's name as Nudine. "That's unusual," said the assistant. "Is it French or Russian?" "Dunna, mum, I'm sure," was the reply. "I got it off a jeep."

Graveling was completed today on the road south of town which was paved on by the Municipal Council two months ago. This means another seven miles of gravel for the people south of town and it is over the worst seven miles of the road. After you get that far south the roads are hilly enough that storms don't make them very bad.

The regular Stake Maslowsky meeting and social was held at the home of Mr. and Mrs. G. J. Gibb on Sunday evening last. An hour was spent in discussing the question of "Divine Authority" and "Church Organization" after which Mrs. Gibb and Mrs. E. M. Kiddie, joint hostesses for the evening served a most delicious lunch. The evening was very pleasant and profitable.

NOTICE TO EMPLOYERS AND THEIR MALE EMPLOYEES—Including Farmers

By an order signed on August 16th, 1944, by the undersigned Minister of Labour under authority of National Selective Service Mobilization Regulations, 1944:

1. Commencing August 22nd, 1944, every employer is required to check the documents held by each newly engaged male employee, within 7 days of the employee's engagement, to determine if such employee possesses documents to show that he is in good standing under National Selective Service Mobilization Regulations, 1944 (that is, in relation to the Military Call-up);
2. Every employer must report on Schedule 9 to the Registrar for his Mobilization Division, concerning any employee found not to possess documents as referred to;
3. Every employer is required similarly to check the documents held by each male employee now working for him, whose

documents he has not checked before, and to report to the Registrar for his Mobilization Division at once on any such employee found not to possess documents as referred to;

4. Any male employee here referred to, is required by the Regulations to present his documents to his employer for purposes of inspection;

5. FOR THIS PURPOSE "EMPLOYER" INCLUDES ALSO ANY FARMER OPERATING A FARM, WHO HAS A MALE PERSON WORKING FOR HIM;

6. Penalties are provided for any employer or male employee who fails to comply with these Regulations.

By an earlier order, employers were required to check the documents held by their male employees, and to report by May 1st, 1944, on doubtful cases as well as cases where employees did not possess documents.

Employers are asked to remember that they do not report on men who do possess the necessary documents—only on those who fail to present documents for examination, or where there is doubt that the document presented actually proves good standing.

The employers of Canada, including farmers, co-operated very satisfactorily on the first check, made up to May 1st, last. This co-operation was decidedly helpful, and is very much appreciated. Further co-operation is now earnestly requested.

Schedule 9, for reporting to the Registrar, and details as to documents which prove good standing, are available through the nearest Employment and Selective Service Office.

Farmers not needed on the farm during the winter, who answer the urgent call for winter workers in other essential industries, will be given a continuance of postponement of military training while away from the farm.

To Give You Better Service...

I'll Read Your Meter and Send Your Bill Every Two Months Instead of Monthly

• This simplification will relieve the congestion in our billing department, as well as help us comply with a new paper curtailment. There'll also be a saving in gasoline and rubber, and that's important right now. This won't result in any reduction in staff but instead will allow them to devote more time to bettering the service to you.

• Other utilities operating under this plan have found it very satisfactory to both themselves and their customers. I'm sure you'll like it too. Six bills a year instead of twelve will save you time and trouble, yet your total cost will be exactly the same as before.

• The bill you receive this month will be your last on the monthly basis.

"HITCH-HIKES" TO AUSTRALIA BACK IN TWO WEEKS

There is a story of an Australian airman, whose name was not revealed, going around the city of box to hitch-hike to Australia and back to Canada on his two weeks' furlough, and arrived back at his station at Vauxhall, with five hours to spare.

After hitch-hiking to Lethbridge the story says, he gravitated to the airport and mentioned to some United States ferry command pilots he was headed for the U.S. and asked for suggestions.

They did better than suggest—they flew him to San Diego and passed him along to fellow fliers with instructions to show him a good time.

The airman passed from one group of ferry fliers to another so frequently he landed in Australia, spent three days with his family, contacted the good-hearted U.S. airman, and was flown back to North America.

The distance he travelled equalled a trip around the world—and he did it in less than two weeks.

NEWS NOTES

C. A. Hudson is expected home this week-end from a big game hunt in the country north and west of Pincher Creek.

The 21st Ward Mutual's Annual Fair is being held next Tuesday night. This is an effort to send the Improvement Era to the 125 second ward men and women in the armed service and is your chance to aid in this work. Buy your tickets without delay.

Private Grant M. Smith, son of Clarence B. Smith of Raymond has recently been assigned to this installation of the First Troop Carrier Command. Pvt. Smith is a graduate of Raymond High School and has two brothers overseas. Winter, with the Marines is now in the South Pacific.

HERE'S MY FEED PROBLEM

Has feed a definite effect on the health of baby chicks after hatching?

HERE'S THE ANSWER

One sure way to save baby chicks is to put the best of the necessary food materials inside the hatching egg. Naturally the only way to do this is through the hen. So feed your laying hens "Miracle" Hatching Mash at least two months before you collect the eggs for the incubator.

"Miracle" Hatching Mash is tested to give your laying hens perfectly balanced food value. If you have plenty of farm grains, mix your own feed with "Miracle" Hatching Mash Supplement.

The worst inflation came AFTER the war the last time . . . to be followed by disastrous deflation, unemployment and confusion. For Canada to manage successfully the change back to peace, maintain employment, and meet the world's competition . . . we must continue to have stable economic conditions. To protect the individual from rising costs of living and later unemployment we must continue to prevent inflation.

To prevent a repetition of the conditions following the last war
PRICE CONTROL MUST BE MAINTAINED
AS LONG AS INFLATION THREATENS US.

This can only be done if production is efficient and economical, costs are kept down and consumers refuse to pay more than ceiling prices.

One person can start it!

When one person demands more for goods or services he compels others to do the same and Price Control goes out the window.

We also desire to express special thanks to Drs. Madril and Walker for their comfort and care during the illness and passing of our son.

MAIL FOR THE TROOPS DESTROYED BY FIRE

On October 20th at Montreal, P. Q. and on October 28th at Saint John, N. B. fire broke out in the holds of ships containing thousands of bags of mail - Christmas gifts for members of the Armed Forces Overseas.

Fires arose from different causes and it is realized that these destructive fires of Overseas Christmas parcels mail could possibly have originated from sources other than matches or inflammables contained in soldiers' gift parcels. There is evidence however, that matches and lighter fluid have been put in Overseas parcels by individuals either through wanton carelessness or indifference or failure to fully realize the danger.

So far as the Post Office is concerned there are no such things as "safety matches." Persons who enclose them or any inflammable material of any kind risk the lives of the Merchant Marine, the burning of ships at sea with all attendant horrors and render themselves criminally responsible.

Postmasters are urged to awaken the conscience of patrons in every way possible, and help prevent human lives being endangered by inflammables in parcels.

Mrs. Honnie Nalder is having an addition built to her home with Theodore Ehlert doing the work.

The Quick and the Dead

Ordinarily, it is not difficult to distinguish between a dead animal and one that is alive. With plants it is different. Under conditions of severe drought, the grass in a meadow or lawn may look dead; but only a day or two after rain it is obviously very much alive. Seeds show no signs of life until they are provided with conditions favourable to germination, and sometimes they may be alive, but dormant, and refuse to germinate even under apparently favourable circumstances.

When harvest weather is fine, and in the absence of damage by diseases or insects, field-crop seeds are usually alive. This fall, harvesting conditions have been very bad, in many districts, and frost has undoubtedly damaged a good deal of grain. Most farmers, therefore, will be wise to make a germination test or have one made.

Lino Elevator company agents can provide printed cards giving detailed instructions for making tests at home. They will, also, accept samples of wheat, oats, barley, rye and flax for testing in our laboratory. First class equipment and a skilled staff are at your service. Official government tests are made, for a nominal fee, at Plant Products Division Laboratories at Calgary, Saskatoon and Winnipeg.

Poor stands of grain are an invitation to weeds. Take no chances; but either make a test or have one made.

BREWERTON'S

TRAGEDY AVERTED

Tragedy was narrowly averted Saturday evening when a little four year old Japanese child wandered away from the Buddhist church and travelled the length of Broadway in the cold weather before he was rescued by C. W. Lamb who heard his cries as he passed his house.

While the adults were in the Church at a meeting this tot with others was playing in a car outside. He slipped out of the car unnoticed and wandered down the street, crying loudly as he became colder. Mr. Lamb heard his screams and went after him and caught up with him just as he crossed the railroad tracks. A Japanese girl from the Orvin Hicken home was called and was able to identify the child and return it to its parents.

Had not his cries been heard, it may have been a tragedy as no one would think of searching for a lost child way out in that section of the town.
